The screenshot shows the Connexions website homepage. The header features the word "CONNEXIONS" in white capital letters, with a yellow stylized "X" logo consisting of three lines meeting at a central point. Below the header is a navigation bar with five buttons: "Home", "Content", "About Us", "Help", and "MyCNX". The "Content" button is highlighted with a yellow background. A breadcrumb navigation bar below the main menu shows the path "You are here: Home". The main content area is titled "Connexions is:" in orange text. It describes Connexions as a place to view and share educational material made of small knowledge chunks called modules that can be organized as courses, books, reports, etc. Anyone may view or contribute. It then lists three user types with their roles: "authors" (create and collaborate), "instructors" (rapidly build and share custom collections), and "learners" (find and explore content). The entire page has a white background with a blue header bar.

UniversitySurf

Bienvenue sur le portail e-Learning UniversitySurf

a free and open educational resource center for French speaking community around the world

oyez interactifs! Proposez-nous vos ressources pédagogiques!

UniversitySurf est un portail e-learning pluridisciplinaire en accès libre offrant une sélection de 1500 cours en ligne en langue française, et donnant accès à des milliers d'autres par le biais de liens. Les cours ou ressources pédagogiques proviennent de l'ensemble des 90 Universités françaises, Grandes Ecoles, Universités étrangères francophones, ou encore des nombreux sites personnels d'enseignants.

UniversitySurf est un centre de ressources pédagogiques, de diffusion et de partage de l'information indispensable pour les étudiants et constituant une mine de documents pour aider les enseignants à entrer dans l'éducation numérique. UniversitySurf fait partie des rares sites de ressources pédagogiques en libre accès, tels que l' OpenCourseWare du MIT, le portail chinois [CORE](#), le consortium japonais [JOCW](#), le portail [Universia](#) des universités de langue espagnole et portugaise ou les portails francophones: [UMVF](#), [ParisTech](#).

UniversitySurf propose aux enseignants la plate-forme "open source" Moodle pour déployer leurs cours en ligne et disposer des outils collaboratifs de l'e-learning. Les enseignants sont invités à s'inscrire sur cette plate-forme au [réseau UniversitySurf](#). Etudiants, enseignants, vous êtes les bienvenus pour participer à cette mise en commun de ressources pédagogiques visant un idéal: l'éducation pour tous. [Envoyez-nous](#) les adresses de vos meilleurs sites, vos cours en ligne ainsi que vos [suggestions](#).

UniversitySurf, par son édition exhaustive des ressources pédagogiques, par sa médiatisation des actions TICE des universités françaises (voir l' [annuaire des campus virtuels francophones](#)) et par son [remarquable positionnement](#) dans les moteurs de recherche, a pour objectif d'être la vitrine du e-learning francophone et de le promouvoir au niveau international.

BIENVENIDOS

BIENVENIDOS A OCW UNIVERSIA

OpenCourseWare (OCW) es un ejemplo de las iniciativas que en los últimos tiempos han emergido para promover el acceso libre y sin restricciones al conocimiento.

En Abril del 2001, el Massachusetts Institute of Technology lanzó la iniciativa OCW-MIT a través de la cual se ofrece en abierto el material docente que los profesores utilizan en las enseñanzas junto con una guía de estudio.

Esta iniciativa ha tenido un gran impacto y ha impulsado a que otras universidades de prestigio internacional se hayan adherido, generando proyectos propios en coordinación con OCW-MIT.

Universia se ha comprometido desde el principio con este proyecto promoviendo el consorcio OCW Universia y estableciendo un acuerdo de colaboración con la Universidad Politécnica de Madrid para impulsar conjuntamente su desarrollo.

Welcome to USQ OpenCourseWare

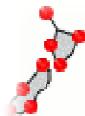

The University of Southern Queensland's OpenCourseWare (USQ OCW) provides access to free and open educational resources for faculty members, students, and self-learners throughout the world. USQ OCW does not grant credits or degrees, and does not provide access to faculty members.

USQ is initially offering sample courses from each of the five faculties and also courses from its Tertiary Preparation Program. We hope the content will be a valuable resource for learners and educators.

Welcome to Repository.ac.nz, a source for New Zealand's Open Educational Resources

This site is the result of a collaborative funded by New Zealand's Tertiary Education Commission's Innovation Development Fund (eCDF) during 2006/2007.

What are Open Educational Resources?

The term Open Educational Resources (OER) was first adopted by UNESCO in 2002 and refers to educational materials and resources offered freely and openly for anyone to use and under some licenses, to re-mix, improve and redistribute.

WELCOME

The **Tecnológico de Monterrey** is a private, non-profit academic institution with more than 65 years of experience. It is composed of 33 campuses across Mexico that offers high-school programs, undergraduate and graduate degrees as well as continuing education programs. Through technology-based distance programs, Tecnológico de Monterrey is pioneer in distance education with more than 19 years of experience through its Virtual University, reaching 29 countries.

At present, the **Virtual University** offers totally online undergraduate, postgraduate and continuing education programs.

In the **Open CourseWare** we foster knowledge transfer and the use of information technologies to reduce the educational gap. This project seeks to share open educational resources of high quality to contribute in the development of better persons and societies.

We invite you to know the educative materials that we offer to foster the benefits of knowledge transfer and appropriation of global good practices.

iLumina is a digital library of sharable undergraduate teaching materials for chemistry, biology, physics, mathematics, and computer science. It is designed to quickly and accurately connect users with the educational resources they need. These resources range in type from highly granular objects such as individual images and video clips to entire courses. Resources in iLumina are cataloged in the **MARC** and **NSDL** metadata formats, which capture both technical and education-specific information about each resource. iLumina contains thousands of educational resources and several virtual collections. Please feel free to contribute your own resources to iLumina by following the contribute link in the header.

Home Search Help • About Using OAIster News

About OAIster

OAIster currently provides access to **17,799,314** records from **1015** contributors.

OAIster is a **union catalog of digital resources**. We provide access to these digital resources by "harvesting" their descriptive metadata (records) using [OAI-PMH](#) (the Open Archives Initiative Protocol for Metadata Harvesting).

Using OAIster

OAIster can be searched by Title, Author/Creator, Subject, Language or Entire Record. Searches can also be limited by resource type (text, image, audio, video, dataset) and sorted by title, author, date and hit frequency. Results allow further limiting by data contributor (i.e., where the record was harvested from).

News & Updates

2008 Sep 5

Enjoy a new, cleaner version of the OAIster data. Many new repositories have been added, and many dead links were removed during August.

Big Think

A simple mission: to move the discussion away from talking heads and talking points, and give it back to you.

The screenshot shows the Big Think website homepage. At the top, the logo 'big think' is displayed with 'BETA' in small letters above 'think'. Below the logo is a red banner with the text 'WE ARE WHAT YOU THINK'. To the right of the banner, 'IDEAS' is written above a red box containing the number '11,677'. On the left, a sidebar features a 'Login' section with fields for 'User Name' and 'Password', and links for 'Click to Register' and 'Forgot Password?'. Below this are 'Channels', 'Browse Experts', 'Browse Ideas' (which is highlighted in green), and 'Meta' with links for 'Faith & Beliefs', 'Identity', 'Inspiration', 'Life & Death', 'Love & Happiness', 'Outlook & the Future', 'Truth & Justice', '▶ Wisdom' (also highlighted in green), and 'Physical'. The main content area has a 'WISDOM' header and a video player showing a woman speaking. The video player includes a 'big think' logo, a play button, a timer at '00:00', and icons for email and volume. Below the video is a 'VIEW FULL SCREEN' link. The 'EXPERTS' section shows three thumbnail images of experts: a woman, a man, and another man.
